Additional Information

1. Facilities available at the church

- Toilets are available to the side of the church lounge building situated through the gate to the north of the church.
- There is a sound system and organ (with CD player) available. Instructions for their use is written on top of the sound system cabinet beside the organ. Switches for these are behind the cabinet.

2. Road Safety

- As Eskdale Church is situated on State Highway 5 with a speed limit of 100k, Transit NZ required the use of *event* signs which are situated on either side of the church parking area. These need to be opened before the wedding and closed again afterwards.
- Please ask your guests to vacate the parking area by heading north on SH5 to Hedgeley Road, and then turning south rather than pulling out across the traffic.

3. Responsibilities

- Please turn off all the lights, sound system, organ, close the windows and lock the doors before leaving the church. (Do NOT turn off the main switch on the switchboard in the vestry). Please leave all internal doors closed on your departure.
- Please remove all flowers and decorations after your service.
- The Trustees ask that you leave the grounds tidy.
- Return the key to the drop box and close the gates. Details for the key are available from Gardiner Knobloch.
